Available in 5 Colors.

For The Ride That's More Than Transportation

INTRODUCING The *SEMA 2007 Global Media Award-Winning Billet Mirror*

Intense light reflecting off a rear-view mirror can make driving at night unbearable. With this new Auto-Dimming Mirror by AlphaMirror, high-intensity headlights are automatically dimmed away to protect the driver's vision—*without taking a hand off the wheel*. The mirror's sensors adjust the tinting to the current lighting conditions, and improve vision in all weather conditions.

The Billet Auto-Dimming Mirror installs easily. Choose from an assortment of mounting styles. It is battery operated, so there is no tricky wiring. Choose from 5 colors to match any vehicle interior.

High Technology:

The auto-dimming mirror technology was initially developed for use in fighter aircraft to minimize in-flight glare. Now this technology has been adapted by AlphaMirror for the automotive industry.

A: Spectral Protection™—Best protection tinting, reduces the eye-irritating “blue” wavelengths and improves your vision and comfort.

B: AlphaMirror’s auto-dimming sensor automatically adjusts to current lighting conditions and improves visibility in all weather conditions.

C: It is the only auto dimming rear view mirror that equal to optical class 1 eye wear standard.

Mounting Selection Guide:

- Mount 01P – Fits ‘34-’38 Chevy only.
- Mount 02P – Universal 2-Bolt mount to fit street rod.
